

DELTA XI CHAPTER

Phi Gamma Delta Fraternity

The University of California, Berkeley

Hall of Fame Ceremony

November 9, 2007

Fred Corfee '52

A somewhat eccentric man whose major passion in life was helping other people, Fred Corfee was a very special FIJI. As an undergraduate, Fred was very involved and an active participant in all FIJI activities. Following graduation, Fred always kept the chapter and the relationships he built there close to his heart. For many years Fred organized the FIJI Carmel Golf & Tennis Weekend (which is still being held). Largely attended by FIJIs from the late '40's and early '50's, Fred made sure to send out notices and make all the arrangements for the event. An avid tennis player, he also made sure to coordinate the friendly tournaments for the weekend and always had some fun prizes.

In the professional arena, Fred returned home to Sacramento after college to run the family dry cleaning business. However, with larger goals in mind Fred eventually sold the family business and entered the world of finance. He was an active investment advisor and with a group of friends and family became a venture capitalist. Some of his most notable ventures include Starkist Tuna and Heavenly Valley Ski Resort. The latter of these also came with some personal attachment as Fred and his wife Jeanie loved the mountains and skied at resorts throughout the world.

Fred was also a devoted supporter of our Golden Bears. This was most evident by the tailgates he hosted before every home game. Stationed towards the north side of campus, Fred reveled in the presence of friends and family enjoying Cal football. Fred was also more directly involved with the university when he served as a trustee on the UC Berkeley Foundation.

Beyond Cal, Fred also was an active participant in his local community. Fred was a member of several local clubs including the Rotary and Elks Club, the second of which he led for a number of years. Fred also ran twice for his community's state assemblyman position.

A proud FIJI who left a positive mark on all he touched, Fred will always be fondly remembered. He is survived by his wife Jeanie, with whom he had three children: Eric, Catherine, and James.

Tim Muller '60

Although he is a self proclaimed “hellraiser,” Tim has done more than his share to contribute to the continual success of Delta Xi. A large part of this dedicated service comes from Tim’s proud membership in the Phi Gamma Delta Sires and Sons club. Tim is the fortunate Sire to two Delta Xi FIJIs, Brian ’85 and Charlie ’88. Not surprisingly, Tim’s involvement with the House Corporation began in the early ’80’s when Brian first joined the fraternity. After several years on the board, Tim became House Corporation president in 1989 and served in that position until 1995. Perhaps his proudest moment as president came from organizing the chapter’s 100th anniversary dinner held at the Claremont Country Club. Tim also managed to book Bruce Snyder as the guest speaker. The event was such a success that the Claremont kindly requested that we wait until our 125th to ask to come back again. Tim also spearheaded several capital projects at the chapter house while leading the board, most notably upgrading all the wiring in the building. This has proven to be all the more crucial with today’s students’ need to be “plugged in” at all times. Another achievement of note, though in a sadder time for Delta Xi, Tim was the primary architect for securing the master lease with Sigma Phi Epsilon before their tenancy at 2395 Piedmont. This lease was instrumental in allowing the House Corp. to maintain ownership of the chapter house during Delta Xi’s brief absence from campus.

Professionally, Tim has also enjoyed a great deal of success. For just over forty years Tim has been working with Harrigan, Weidenmuller Co., an industrial and commercial real estate company based in San Francisco and currently serves as president. Founded in 1900, Harrigan, Weidenmuller is the oldest real estate company operating in San Francisco and has ties to a significant amount of property throughout the Bay Area.

A Cal fan tried and true, Tim is a proud Bear Backer and has many ties to Berkeley. He currently lives in Kentfield with his wife Nancy who is also a Cal alumna. They have four children, three of whom went to Cal. Tim is also the lucky grandfather of eight grandkids.

MISSION OF PHI GAMMA DELTA

Phi Gamma Delta exists to promote lifelong friendships, to reaffirm high ethical standards and values, and to foster personal development in the pursuit of excellence. Phi Gamma Delta is committed to provide opportunities to each brother to develop responsibility, leadership, scholarship, and social skills in order to become a fully contributing member of society.
